

WebCenter: The All-in-One Workforce Portal

WebCenter is an integrated platform for employers and their talent to connect, communicate, and perform core tasks including:

- Timeclock and paystub management
- Viewing and downloading tax documents
- Managing work orders and assignments
- Talent communication

Empower Employers With Streamlined Self-Service Tools

-  Optimize payroll, invoicing, and timecard management for a frictionless customer experience.
-  Manage documentation and communicate with stakeholders in one platform.
-  Identify, process, and assign top talent in record time.

Keep Talent Engaged With the Intuitive Employee Portal

-  Employees can access key information including jobsite and personnel details right through the platform.
-  Use the same intuitive portal to submit and track hours with just a few clicks.
-  Talent can easily view and download all key documents including paystubs, W2s and other relevant tax information.

Workforce Management Tools Built for Efficiency

-  Consolidate steps and perform bulk actions for faster submissions and approvals.
-  The platform's precise and intuitive search and filtering tools find exactly what employers are looking for quickly.

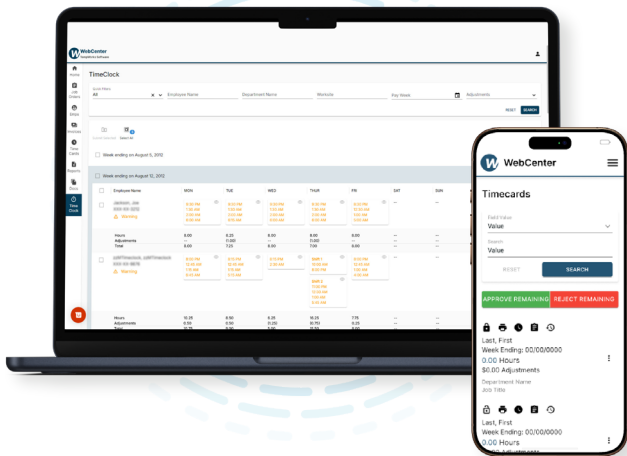

Industry Leading Payroll & Invoicing Solutions

Give employers more control with tools to manage timecards, data, and reports, boosting efficiency and driving engagement.

Streamline payroll and invoicing with integrated workflows that eliminate manual errors.

Digitize Manual Processes for Better Accuracy and Security

WebCenter makes it easy to break from paper timecards to ensure accurate punches and timecard submissions.

Save thousands of dollars and countless hours by reducing administrative errors.

Bolster security protocols by housing all data in one platform.

Stand Out in a Crowded Market

Deliver best-in-class front and back-office tools backed by TempWorks' dedicated support teams.

Drive employer and talent engagement with WebCenter's mobile-friendly, intuitive design.
